The Lender may then qualify the Borrower with a \$0 payment. – For deferred loans or loans in Forbearance, the Lender may calculate: <ul style="list-style-type: none"> ▪ A payment equal to 1% of the outstanding student loan balance (even if this amount is lower than the actual fully amortizing payment) OR ▪ A fully amortizing payment using the documented loan repayment terms. • Revolving Credit: If there is no payment on the credit report for revolving credit, use the greater of \$10 or 5% of the balance on credit.

Characteristics	Parameters

<p>Major Adverse Accounts</p> <p>Past-Due, Collection, and Charge-Off of Non-Mortgage Accounts</p>	<ul style="list-style-type: none"> Accounts that are reported as past due (not reported as collection accounts) must be brought current. For one-unit, principal residence properties, Borrowers are not required to pay off outstanding collections or non-Mortgage charge-offs - regardless of the amount. <hr/> <p>Note: If the Lender marks the collection account Paid by Close in the online loan application, DU will issue a message in the DU Underwriting Findings report stating that the collection must be paid.</p> <hr/> <ul style="list-style-type: none"> For two-to four-unit owner-occupied and second home properties, collections and non-Mortgage charge-offs totaling more than \$5,000 must be paid in full prior to or at closing. For investment properties, individual collection, and non-Mortgage charge-off accounts equal to or greater than \$250 and accounts that total more than \$1,000 must be paid in full prior to or at closing.
<p>Major Adverse Accounts</p> <p>Disputed Credit Report Tradelines</p>	<ul style="list-style-type: none"> When the credit report contains tradelines disputed by the Borrower, DU will first assess the risk of the loan casefile using all tradelines, including those disputed. If DU issues an Approve recommendation using the disputed tradelines, no further documentation or action is necessary. DU will issue a message specific to this scenario. If DU does not issue an Approve recommendation when including the disputed tradelines, DU will re-assess the risk without using the disputed tradelines. If DU is then able to issue an Approve recommendation, the Lender must investigate the tradelines to determine whether the Borrower is responsible for the accounts or if the account information is accurate or complete. <ul style="list-style-type: none"> If the Borrower is not responsible for the disputed accounts, the Lender must obtain supporting documentation and may deliver the loan as a DU loan. No further action is necessary regarding the disputed tradelines. If the Borrower is responsible for the disputed account, the Lender must investigate the information, including determining the aspect of the tradeline that is being disputed. If the Borrower is able to provide documentation to disprove any adverse information (such as canceled checks), the Lender may deliver the loan as a DU loan. If the Borrower is responsible for the disputed account and the account and tradeline information is accurate and complete, the loan is not eligible for delivery as a DU loan. The Lender may manually underwrite the loan if the transaction is eligible for manual underwriting. The monthly payments for the disputed tradelines must be included in the debt-to-income ratio if the accounts belong to the Borrower.
