1.2.6 - SOLAR PANEL REQUIREMENTS (04/03/2023)

1.2.6.1 - PROPERTIES WITH SOLAR PANELS

The ownership and debt financing structures commonly found with solar panels are key to determining whether the panels are third-party owned, personal property of the homeowner, or a fixture to the real estate. Common ownership or financing structures include:

- borrower-owned panels,
- leasing agreements,
- separately financed solar panels (where the panels serve as collateral for debt distinct from any existing mortgage); or
- power purchase agreements

Property with solar panels are eligible for purchase. If the borrower is, or will be, the owner of the solar panels (meaning the panels were a cash purchase, were included in the home purchase price, were otherwise financed and repaid in full, or are secured by the existing first mortgage), our standard requirements apply (for example, appraisal, insurance, and title).

Properties with solar panels and other energy efficient items financed with a PACE loan are not eligible if the PACE loan is not paid in full prior to or at closing.

N2 Funding is responsible for determining the ownership and any financing structure of the subject property's solar panels in order to properly underwrite the loan and maintain first lien position of the mortgage. When financing is involved, N2 Funding may be able to make this determination by evaluating the borrower's credit report for solar-related debt and by asking the borrower for a copy of all related documentation for the loan. The lender must also review the title report to determine if the related debt is reflected in the land records associated with the subject property. If insufficient documentation is available and the ownership status of the panels is unclear, no value for the panels may be attributed to the property value on the appraisal unless the lender obtains a UCC "personal property" search that confirms the solar panels are not claimed as collateral by any non-mortgage lender.

A Uniform Commercial Code (UCC) financing statement that covers personal property and is not intended as a "fixture filing" must be filed in the office identified in the relevant state's adopted version of the UCC.

N2 Funding is responsible for ensuring the appraiser has accurate information about the ownership structure of the solar panels and that the appraisal appropriately addresses any impact to the property's value. Separately financed solar panels must not contribute to the value of the property unless the related documents indicate the panels cannot

be repossessed in the event of default on the associated financing. Any contributory value for owned or financed solar panels must be noted in the Improvements Section of the Appraisal Report.

The following table summarizes some of the specific underwriting criteria that must be applied depending on the details of any non-mortgage financing for the solar panels.

If the solar panels are...	Then the lender must...
Financed and collateralized -- the solar panels are collateral for the separate debt used to purchase the panels, but they are a fixture to the real estate because a UCC fixture filing* has been filed for the panels in the real estate records	<ul style="list-style-type: none"> Obtain and review the credit report, title report, appraisal, and/or UCC fixture filing*, related promissory note and related security agreement that reflect the terms of the secured loan; Include the debt obligation in the DTI ratio calculation; Provided that the panels cannot be repossessed for default on the financing terms, instruct the appraiser to consider the solar panels in the value of the property (based on standard appraisal requirements); and Include the solar panels in other debt secured by the real estate in the CLTV ratio calculation because a UCC fixture filing* is of record in the land records. <p>Note: If a UCC fixture filing* is in the land records as a priority senior to the mortgage loan, it must be subordinated.</p>
Financed and collateralized -- the solar panels are reported to be collateral for separate (non-mortgage) debt used to purchase the panels, but do not appear on the title report	<ul style="list-style-type: none"> Obtain and review documentation sufficient to confirm the terms of the secured loan (such as copies of the credit report, title report, any UCC financing statement, related promissory note or related security agreement); Include the debt obligation in the DTI ratio calculation; Instruct the appraiser not to provide contributory value of the solar panels towards the appraised value because the panels are collateral for another debt; Not include the panels in the LTV ratio calculation; and Not include the debt in the other debt secured by the real estate in the CLTV ratio calculation since the security agreement or any UCC financing statement treat the panels as personal property not affixed to the home.

*A fixture filing is a UCC-1 financing statement authorized and made in accordance with the UCC adopted in the state in which the related real property is located. It covers property that is, or will be, affixed to improvements to such real property. It contains both a description of the collateral that is, or is to be, affixed to that such property, and a description of such real property. It is filed in the same office that mortgages are recorded under the law of the state in which the real property is located. Filing in the land records provides notice to third parties, including title insurance companies, of the existence and perfection of a security interest in the fixture. If properly filed, the security interest in the described fixture has priority over the lien of a subsequently recorded mortgage.

If the solar panels are leased from or owned by a third party under a power purchase agreement or other similar lease arrangement, the following requirements apply (whether to the original agreement or as subsequently amended).

1.2.6.2 - N2 FUNDING REQUIREMENTS FOR PROPERTIES WITH SOLAR PANELS THAT ARE LEASED OR COVERED BY A POWER PURCHASE AGREEMENT

- The lender must obtain and review copies of the lease or power purchase agreement.
- The monthly lease payment must be included in the DTI ratio calculation unless the lease is structured to:
 - Provide delivery of a specific amount of energy at a fixed payment during a given period, and

- Have a production guarantee that compensates the borrower on a prorated basis in the event the solar panels fail to meet the energy output required for in the lease for that period.
- Payments under power purchase agreements where the payment is calculated solely based on the energy produced may be excluded from the DTI ratio.
- The value of the solar panels cannot be included in the appraised value of the property
- The value of the solar panels must not be included in the LTV ratio calculation, even if a precautionary UCC filing is recorded because the documented lease or power purchase agreement status takes priority.
 - A “precautionary” UCC filing is one that lessors often file to put third parties on notice of their claimed ownership interest in the property described in it.
 - When the only property described in the UCC filing as collateral is the solar equipment covered by the lease or power purchase agreement, and not the home or underlying land, such a precautionary UCC filing is acceptable (and a minor impediment to title), as long as the loan is underwritten in accordance with this topic.
- The value of the solar panels must not be included in other debt secured by real estate in the CLTV ratio calculation because the documented lease or power purchase agreement status takes priority.
- The property must maintain access to an alternate source of electric power that meets community standards.
- The lease or power purchase agreement must indicate that:
 - Any damage that occurs as a result of installation, malfunction, manufacturing defect, or the removal of the solar panels is the responsibility of the owner of the equipment and the owner must be obligated to repair the damage and return the improvements to their original or prior condition (for example, sound and watertight conditions that are architecturally consistent with the home);
 - The owner of the solar panels agrees not to be named loss payee (or named insured) on the property owner’s property insurance policy covering the residential structure on which the panels are attached. As an alternative to this requirement, the lender may verify that the owner of the solar panels is not a named loss payee (or named insured) on the property owner’s property insurance policy; and
 - In the event of foreclosure, the lender or assignee has the discretion to:
 - Terminate the lease/agreement and require the third-party owner to remove the equipment;
 - Become, without payment of any transfer or similar fee, the beneficiary of the borrower’s lease/agreement with the third party; or
 - Enter into a new lease/agreement with the third party, under terms no less favorable than the prior owner.

1.2.7 - PRIVATE MORTGAGE INSURANCE (PMI)

Private Mortgage Insurance (PMI) is not required on any loan eligible to N2 Funding.

1.3.0 - AGE OF DOCUMENT REQUIREMENTS (06/21/2021)

 - Payoff of a Land Contract/Contract for Deed.
 - Non-Owner Occupied investment property transactions (Investor DSCR) when proceeds from the loan transaction are used for consumer purpose, i.e., payoff personal debt, personal tax lien(s), personal judgments, personal collection, or lines of credit secured by the subject property.
- Cash-Out Seasoning is defined as the time difference between application date of the new loan and the property acquisition date.
 - A minimum borrower seasoning requirement of six (6) months is required for a transaction to be eligible for cash-out.
 - For properties owned 12 months or longer, the LTV/CLV is based upon the appraised value.
 - If the cash-out seasoning is less than 12 months, but greater than 6 months, the transaction property value is limited to the lower of the current appraised value or the property's purchase price plus documented improvements.
 - Cash-out seasoning of six (6) months or less is allowed with the following restriction:
 - The Seller has documented that the borrower acquired the property through an inheritance, or was legally awarded the property through divorce, separation, or dissolution of a domestic partnership.

1.5.1.4 - DELAYED FINANCING (10/16/2023)

- Delayed purchase financing is eligible when a property was purchased by a borrower for cash within 180 days of the loan application.
 - The transaction is considered cash out refinance for pricing and eligibility. Cash-in-hand limits do not apply except for Foreign Nationals.
 - Foreign Nationals are subject to max cash-in-hand limits per the Foreign National matrix.

- The original purchase transaction was an arms-length transaction.
- The source of funds for the purchase transaction are documented (such as bank statements, personal loan documents, or a HELOC on another property).
- The maximum LTV/CLTV ratio for the transaction is based upon the lower of the current appraised value or the property's purchase price plus documented improvements.
- The preliminary title search or report must confirm that there are no existing liens on the subject property
- The new loan amount can be no more than the actual documented amount of the borrower's initial investment subject to the maximum LTV/CLTV for cash-out transactions.

1.5.2 - LISTING SEASONING (07/10/2023)

For all refinances:

- **Primary/Second Home:**
 - Properties previously listed for sale must be seasoned at least six (6) months from the listing contract expiration date to the loan application date.
 - The value will be based on the lesser of the lowest list price or appraised value.
- **Investment Properties:**
 - A listing expiration of less than six (6) months is permitted with a prepayment penalty. If a property is listed for sale, the listing must be cancelled prior to the note date.
 - The value will be based on the lesser of the lowest list price or appraised value.

1.5.3 - NON-ARM'S LENGTH TRANSACTIONS (12/12/2022)

1.5.3.1 - NON-ARM'S LENGTH TRANSACTION (12/12/2022)

Non-arm's length transactions are purchase transactions in which there is a relationship or business affiliation between the seller and the buyer of the property. Examples of non-arm's length transactions include family sales, property in an estate, employer/employee sales, and flip transactions.

When the property seller is a corporation, partnership, or any other business entity, it must be ensured that the borrower is not an owner of the business entity selling the property.

A non-arm's length transaction is not intended to bail out a family member who has had difficulties making their mortgage payment. A thorough review of the title report in these cases is required, as well as the payment history pattern (verification of the Seller's mortgage [VOM]).

1.5.3.2 - ELIGIBLE NON-ARM'S LENGTH TRANSACTIONS (08/29/2022)

- Renter(s) purchasing from landlord.
 - 24 months of cancelled checks to prove timely payments are required.
 - A verification of rent (VOR) is not acceptable.
- Purchase between family members.
 - Full Documentation only.
 - Gift of Equity requires a gift letter, and the equity gift credit is to be shown on the CD.
 - Must provide a 12-month mortgage history on the existing mortgage securing the subject property, confirming the Family Sale is not a foreclosure bailout.

1.5.3.3 - NON-ARM'S-LENGTH RESTRICTIONS (04/03/2023)

- Borrower to provide verification of earnest money deposit.

- Maximum LTV/CLTV of 80%.
- For-Sale-By-Owner (FSBO) transactions must be arm's-length.
- Employer to employee sales or transfers are not allowed (e.g., newly constructed properties).
- Property trades between buyer and Seller are not allowed.
- Commission earned by buyer/borrower cannot be used for down payment or monthly PITIA reserves.

1.5.4 - INTERESTED PARTY CONTRIBUTIONS (SELLER CONCESSIONS) (04/03/2023)

Owner Occupied

- Maximum contribution:
 - 6% for LTVs \leq 80%
 - 4% for LTV > 80%

Non-Owner Occupied

- May not exceed 3%

All Interested Party Contributions must be properly disclosed in the sales contract, appraisal, loan estimate and closing disclosure and be compliant with applicable federal, state, and local law.

Interested party contributions include funds contributed by the property seller, builder, real estate agent/broker, mortgage lender, or their affiliates, or any other party with an interest in the real estate transaction. A borrower participating in the transaction (i.e., borrower acting as their own agent) may contribute funds (i.e., commission) up to the maximum contribution limits referenced above.

Interested party contributions may only be used for closing costs and prepaid expenses (Financing Concessions) and may never be applied to any portion of the down payment or contributed to the borrower's financial reserve requirements. If an Interested Party Contribution is present, both the appraised value and sales price must be reduced by the concession amount that exceeds the limits referenced above.

1.5.5 - ESCROWS – IMPOUND ACCOUNTS (10/16/2023)

Escrow funds/impound accounts are required to be established for all first lien HPML loans purchased by N2 Funding. Escrows may be established for funds collected by the seller, originator or servicer as required to be paid under the security instrument. Escrow funds include, but are not limited to, taxes, insurance (hazard, flood, and other insurance) premiums, water/sewer taxes and ground rents.

Escrow Waivers

- Flood Insurance premiums not allowed to be waived
- Escrow funds/impound accounts can be waived for property taxes and hazard insurance, for non-HPML loans or exempt business purpose loans when the following requirements are met:
 - LTV less than or equal to 80%
 - Minimum decision credit score of 720
 - Minimum 12-months of reserves
 - For all 1st liens, if both taxes and insurance aren't escrowed, LLPA adjustments apply

Second Lien Products

- Escrow accounts are not required on second lien products.
- If the property is located in a flood zone, evidence of flood insurance is required.

1.5.6 - SECONDARY FINANCING (10/16/2023)

- Private-party secondary financing not allowed
- Secondary financing must be subordinated and included in CLTV
- HELOC CLTV must be calculated at the maximum available line amount unless the borrower can provide documentation showing the line of credit is past its draw period.

1.5.7 - PREPAYMENT PENALTY (07/10/2023)

Investment Property Only

Where permitted by applicable laws and regulations on an investment property, a prepayment charge may be assessed in the period between one (1) and five (5) years following the execution date of the Note. The following prepayment structures may be used:

- Six (6) months of interest – The prepayment charge will be equal to six (6) months of interest on the amount of the prepayment that exceeds 20% of the original principal balance. The charge applies to loans that pay off due to sale or refinance, or [curtailments](#) that exceed 20% of the original principal balance in a given 12-month time period. (Not eligible under cross-collateral, 5-8 unit, or 2-8 mixed use.)
- A fixed percentage of no less than 3% - The prepayment charge will be equal to a fixed percentage and applied to any [curtailment](#) or the entire outstanding principal balance during the prepay period. The charge applies to loans that pay off due to sale or refinance.
- Declining structures that do not exceed 5% and do not drop below 3% in the first 3 years. For example: (5%/4%/3%/3%/3%) or (5%/4%/3%/2%/1%) – The prepayment charge will be equal to the percentage in effect and applied to any [curtailment](#) or the entire outstanding principal balance during the prepay period. The charge applies to loans that pay off due to sale or refinance.

See rate sheet for further detail. The prepayment penalty can be disclosed within the body of the Note or in a separate rider.

The following state restrictions apply:

- Prepayment penalties are not allowed in AK, KS, MI, MN, NM, OH and RI.
- Prepayment penalties are not allowed on loans vested to individuals in IL and NJ.
- Pennsylvania – Prepayment penalties are not allowed on loan balances less than an adjusted value as determined by the Dept of Banking & Securities. For calendar year 2023 the base figure amount is \$301,022.
- Only declining prepayment penalty structures are allowed in MS.

SECTION 2 - CREDIT

2.1.0 - CREDIT REPORTS (04/25/2022)

A credit report is required for each individual borrower, including any member of an entity providing a personal guaranty. The credit report should provide merged credit data from the three major credit repositories: Experian, TransUnion, and Equifax. Either a three-bureau merged report, or a Residential Mortgage Credit Report is required.

The credit report used to evaluate a loan may not reflect a security freeze. If the borrower(s) unfreeze credit after the date of the original credit report, a new tri-merged report must be obtained to reflect current and updated information from all repositories.

2.1.1 - GAP CREDIT REPORTING

A gap credit or Undisclosed Debt Monitoring report is required no more than 10 days prior to loan closing or any time after closing. Any new debt must be included in determining the DTI ratio. Business purpose DSCR transactions are excluded from this requirement.

2.1.2 - FRAUD REPORT (04/03/2023)

Data integrity is crucial to quality loan file delivery and mitigation of fraud risk. All parties to the transaction (Borrowers/Guarantors, Sellers, Brokers, Loan Officers, and Real Estate Agents) must be included in the fraud report performed by an automated fraud and data check vendor solution (i.e., Fraud Guard, CoreLogic, DataVerify, TransUnion TLOxp, LexisNexis: SmartLinx, Instant ID, or other industry recognized fraud and data vendor). A copy of the findings report from the vendor must be provided in the loan file with all “high” alerts, or “red flags” addressed and/or cleared by the seller (lender).

Sellers may clear “high” alerts or “red flags” directly through the vendor solution or with an attestation. The attestation must address each “high” alert, or “red flag” noted in the fraud report. N2 Funding may request additional documentation to address high fraud risk.

Fraud Reports for loans secured by multiple properties (Cross Collateral) do not need to reference every property, all other requirements apply.

2.1.3 - CREDIT INQUIRIES (06/21/2021)

The creditor must obtain verification from borrower in the form of a signed statement attesting that their current obligations are accurate. Additionally, any credit inquiries listed on the report within 90 days of the report date must be explained, DSCR transaction excluded. If new credit was extended, borrowers must provide documentation on the current balance and payment. If no credit was extended, borrower must state the purpose of the inquiry. Sellers must inform borrowers that they are obligated to inform the Seller of any new extension of credit, whether unsecured or secured, that takes place during the underwriting process and up to the consummation of the loan.

2.1.4 - HOUSING HISTORY (10/16/2023)

- For all non-DSCR transactions, a housing payment mortgage history is required for all Real Estate Owned evidencing the payment activity for the most recent 12-months.
- DSCR transactions require a 12-month housing payment history for primary residence and subject property (if refinance). See Housing History - DSCR for Housing History.
- All required payment history will be used for program eligibility
- Housing payments must be paid current as of 45 days of the loan application date
- Any Real Estate Owned free & clear require a Property Profile Report or similar document
 - Property taxes, hazard insurance, and homeowner’s association dues (if applicable) are to be verified and included in DTI
- Borrower(s) who sold a primary residence within the past six (6) months, currently residing rent-free, and purchasing a new primary residence are allowed.
 - 12-month mortgage history required on previous primary residence.
- Less than 12-month history is allowed with the following restrictions:
 - DTI may not exceed 43%.
 - LTV may not exceed 80%.
 - Any available portion of a 12-month housing history must be paid as agreed.
- If the borrower is renting current residence, then a most recent rental history is required reflecting

paid as agreed.

2.1.4.1 - MORTGAGE VERIFICATION

MORTGAGE(S) ON CREDIT REPORT

The lender must review the credit report to determine the payment status of all reported mortgage accounts for the previous 12 months. Rolling late payments are not considered a single event. Each occurrence of a contractual delinquency is considered individually for loan eligibility.

If a complete 12-month mortgage history is not reported on the credit report, the lender must use one of the following to complete the borrower's payment history:

- Credit supplement; or
- Request for Verification of Mortgage Form completed by the creditor; or
- Loan payment history from the servicer; or
- Borrower's proof of payment (e.g., cancelled check, ACH payment, bank transfer, etc.)

MORTGAGE(S) NOT REPORTING ON CREDIT REPORT

The lender must document mortgage history not reporting on credit report with all the following:

- Request for Verification of Mortgage Form completed by the creditor:
 - A 12-month mortgage history is required for Elite Plus, Elite, Plus for all properties.
 - A 12-month mortgage history is required for DSCR 1-4 Residential for the borrower/guarantor's primary residence and subject property (if refinance).
- Evidence of monthly payments made by the borrower for most recent 6 months:
 - Cancelled checks, ACH payment, bank transfer, etc.
 - Payments made in cash are not eligible.
- Copy of Note with terms of the loan:
 - Notes with a balloon feature with an expired maturity date exceeding 30 days require an extension to avoid being counted as delinquent.
- If subject transaction is a refinance, mortgage payoff statement is required from the creditor:
 - Payoff statement that reflects late fees, deferred balance, or delinquent interest are subject to housing history and/or credit event criteria.

2.1.4.3 – RENTAL VERIFICATION (04/25/2022)

A 12-month rental history is required for all N2 Funding programs when the borrower is renting their current primary residence. The following documents are required:

- A verification of rent (VOR)
 - A third-party VOR is required for any file when the borrower is currently renting.
 - Any VOR completed by a private party or any non-institutional landlord must be supported by alternative documentation showing the most recent 6-month history (cancelled checks, rental statements including payment history, etc.).

2.1.4.2 - DEPARTURE RESIDENCE (07/10/2023)

- If the borrower's current principal residence is pending sale but the transaction will not close prior to the subject transaction, the current PITIA and proposed PITIA must be used in qualifying the borrower. The current PITIA may be excluded provided the credit file is documented with the following:
 - The executed sales contract for the current residence, and
 - Confirmation that any financing contingencies have been cleared.
- If the borrower plans to convert their departure residence to a rental property, the current PITIA and proposed PITIA must be used in qualifying the borrower. The current PITIA may be offset using 75% of the lower of actual or market rent. The rental income must be documented with all the following:
 - Market Rent Analysis, Single Family Comparable Rent Schedule (FNMA Form 1007)
 - Copy of a current lease
 - Evidence of proof of receipt of damage deposit and first month's rent.

2.1.5 - CONSUMER CREDIT (06/21/2021)

2.1.5.1 - INSTALLMENT DEBT

Installment debt is a monthly obligation with fixed payments and terms. Payments on installments must be included in the borrower's debt-to-income (DTI) ratio.

Payments can be excluded if there are 10 or fewer monthly payments remaining to pay the debt in full. If the payment is substantial and exceeds 5% of the borrower's qualifying income, the overall transaction should be reviewed to ensure the remaining payments will not impact the borrower's ability to handle the new mortgage payment.

Installment debt paid in full or prior to closing can be excluded from the debt-to-income ratio. Supporting documentation, such as a credit supplement or direct verification from the creditor, must be obtained as evidence the debt has been paid in full.

2.1.5.2 - LEASE PAYMENTS

Lease payments must be considered as recurring monthly debt obligations and included in DTI ratio calculation. This is regardless of the number of months remaining on the lease. This is because the expiration of a lease agreement for rental housing or an automobile typically leads to either a new lease agreement, the buyout of the existing lease, or the purchase of a new vehicle or house.

2.1.5.3 - STUDENT LOANS

If a monthly student loan payment is provided on the credit report, the Seller may use that amount for qualifying purposes. If the credit report does not reflect the correct monthly payment, the Seller may use the monthly payment that is on the student loan documentation (the most recent student loan statement) to qualify the borrower. If the credit report does not provide a monthly payment for the student loan, or if the credit report shows \$0 as the monthly payment, the Seller must determine the qualifying monthly payment. For deferred loans or loans in forbearance, the Seller may calculate:

- a payment equal to 1% of the outstanding balance (even if this amount is lower than the actual fully amortizing payment), or
- a fully amortizing payment using the documented loan repayment terms.

2.1.5.4 - DEFERRED INSTALLMENT DEBT

Deferred installment debts must be included as part of the borrower's recurring monthly debt obligations. For deferred installment debts other than student loans, if the borrower's credit report does not indicate the monthly amount that will be payable at the end of the deferment period, the Seller must obtain copies of the borrower's payment letters or forbearance agreements so that a monthly payment amount can be determined and used in calculating the borrower's total monthly obligations.

2.1.5.5 - REVOLVING DEBT

Revolving debt is open-ended debt in which the principal balance may vary from month to month. The minimum required payment, as stated on the credit report or current account statement, should be used to calculate the debt-to-income ratio. If no payment is stated on the credit report, the greater of \$10 or 5% of the current balance should be included in the DTI ratio calculation.

Equity lines of credit secured by real estate should be included in the housing expense. If the credit report does not show a minimum payment amount, the Seller must use 5% of the outstanding balance to be included in the DTI ratio calculation.

Revolving accounts can be paid off prior to or at closing in order to exclude the payment from the debt ratio. Supporting documentation, such as a credit supplement or direct verification from the creditor, must be obtained as evidence the debt has been paid in full.

Any non-mortgage account can be no more than 30 days delinquent at time of application. Any delinquent account must either be brought current or paid off at closing.

All mortgage accounts must be current at application and remain paid as agreed through closing.

2.1.5.6 - OPEN 30-DAY CHARGE ACCOUNTS (12/13/2021)

For open 30-day charge accounts that do not reflect a monthly payment on the credit report, or 30-day accounts that reflect a monthly payment that is identical to the account balance, N2 Funding must verify borrower funds to cover the account balance. The verified funds must be in addition to any funds required for closing costs and reserves.

2.1.5.7 - TIMESHARES

Timeshare obligations will be treated as a consumer installment loan.

2.1.5.8 - BUSINESS DEBT

A business debt is a financial obligation of a business but may also be the responsibility of the business owner, making that person also liable for the debt. If the debt is reflected on the borrower's personal credit report, the borrower is personally liable for the debt, and it must be included in the debt-to-income ratio. When a self-employed borrower claims that a monthly obligation that appears on his or her personal credit report (such as a Small Business Administration loan) is being paid by the borrower's business, the lender must confirm that it verified that the obligation was actually paid out of company funds to exclude the debt.

Any of the following supporting documentation can be included in the credit file to exclude business debt:

- Most recent six (6) months of cancelled checks drawn against the business account
- Tax returns reflecting the business expense deduction
- Business bank account statement showing assets remaining after funds to close and reserve requirements are deducted, with a balance greater than or equal to the balance of the debt.

If the debt is less than six (6) months old, the payment must be included in the DTI ratio.

2.1.5.9 - CONTINGENT LIABILITY ON COSIGNED OBLIGATIONS (DEBT PAID BY OTHERS)

Contingent liability applies, and the debt must be included in the underwriting analysis, if an individual applying for a mortgage is a cosigner/co-obligor on:

- Car loan
- Student loan
- Mortgage
- Any other obligation

If the Seller obtains proof that the borrower is not the party who is repaying the debt, the Seller may exclude the debt. In order to exclude debts from the borrower's DTI ratio, the Seller must obtain the most recent 12 months' canceled checks (or bank statements) from the other party making the payments that document a 12-month payment history with no delinquent payments.

2.1.5.10 - LOANS SECURED BY FINANCIAL ASSETS (04/03/2023)

When a borrower uses his or her financial assets—life insurance policies, 401(k) accounts, individual retirement accounts, certificates of deposit, stocks, bonds, etc.—as security for a loan, the borrower has a contingent liability.

The seller is not required to include this contingent liability as part of the borrower's recurring monthly debt obligations provided the seller obtains a copy of the applicable loan instrument that shows the borrower's financial asset as collateral for the loan. If the borrower intends to use the same asset to satisfy financial reserve requirements, the lender must reduce the value of the asset (the account balance, in most cases) by the proceeds from the secured loan and any related fees to determine whether the borrower has sufficient reserves.

Payment on any debt secured by virtual currency is an exception to the above policy and must be included when calculating the debt-to-income ratio.

2.1.5.11 - CONSUMER CREDIT CHARGE-OFFS AND COLLECTIONS (07/10/2023)

Delinquent credit, such as charge-offs of non-mortgage accounts and collections, have the potential to affect loan position or diminish borrower equity.

- Individual collection and non-mortgage charge-off accounts equal to or greater than \$250, and accounts that total more than \$2,000, must be paid in full prior to or at closing. See below for exceptions:
 - Medical collections may remain open.
 - A second mortgage or junior lien that has been charged off is subject to foreclosure seasoning periods for grade determination, based on the charge-off date.
 - Collections and charge-offs that have expired under the state statute of limitations on debts may be excluded from the DTI calculation. Evidence of expiration must be documented.
 - For DSCR transactions, charge-offs and collections can be ignored unless they are title impacted.

Charge-offs and collections not excluded by the above bullet points must be paid or may stay open if using one or a combination of both of the following:

- Payments for open charge-offs or collections are included in the DTI (subject to program DTI restrictions). If a payment amount is not known, 5% of the balance may be used as the payment.
- Reserves are sufficient to cover the balance of the charge-offs or collections and meet reserve requirements.

2.1.5.12 - CONSUMER CREDIT COUNSELING SERVICES

Borrower enrollment in Consumer Credit Counseling Services (CCCS) is allowed when a minimum of 12 months have elapsed on the plan, and evidence of timely payments for the most recent 12 months is provided. The CCCS Administrator must also provide a letter allowing the borrower to seek financing on a new home while enrolled in the plan.

A monthly CCCS plan payment must be included in the DTI calculation.

2.1.5.13 - JUDGMENT OR LIENS

All open judgments, garnishments, and all outstanding liens must be paid off prior to or at loan closing.

2.1.5.14 - INCOME TAX LIENS (06/21/2021)

All tax liens (federal, state, and local) must be paid off prior to or at loan closing unless the requirements listed below are met:

- The file must contain a copy of the approved IRS installment agreement with the terms of repayment, including the monthly payment amount and total amount due (Only one plan allowed).
- A minimum of two (2) payments has been made under the plan with all payments made on time and the account is current. Acceptable evidence includes the most recent payment reminder from the IRS, reflecting the last payment amount and date and the next payment amount owed and due date.
- The maximum payment required under the plan is included in the DTI calculation.
- The balance of the lien, or repayment plan, must be included when determining the maximum CLTV for the program.
- Refinance transactions require a subordination agreement from the taxing authority for liens against the subject property.

2.1.5.15 - DISPUTED TRADELINES (10/16/2023)

- Revolving account: See Revolving Debt Section
- Installment account: See Installment Debt Section
- Mortgage account: Housing history restrictions apply
- Collection/charge-off account: See Consumer Credit Charge-Offs and Collections Section

2.1.6 - BANKRUPTCY HISTORY

Recent bankruptcies are not allowed. All bankruptcies must be settled a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details. Evidence of bankruptcy resolution is required. The length of time is measured from the discharge/dismissal date to the Note date.

2.1.7 - FORECLOSURE SEASONING

Foreclosures must be completed a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details. The length of time is measured from the settlement date to the Note date. In the case of a foreclosure which was included in a bankruptcy, the seasoning timeline will start from the earlier of the date of discharge of bankruptcy and the foreclosure completion date.

2.1.8 - SHORT SALE / DEED-IN-LIEU SEASONING

Short Sales and Deeds-in-Lieu of Foreclosures must be completed a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details.

In the case of a short sale/deed-in-lieu which was included in a bankruptcy, the seasoning timeline will start from the earlier of the date of discharge of bankruptcy and the short sale/deed-in-lieu completion date.

2.1.9 - FORBEARANCE, MODIFICATION, OR DEFERRALS (04/03/2023)

Forbearances, modifications, and deferrals are considered under housing payment history as outlined below:

Greater than 12 Months from Note Date:

Forbearance, loan modifications, or deferrals (including COVID-19 related events) completed or reinstated greater than 12 months from the Note date of the subject transaction and having a 0x30x12 Housing History are allowed under all programs including Prime Ascent.

Within 12 Months of Note Date:

- Forbearance, loan modifications, or deferrals (including COVID-19 related events) completed or reinstated within 12 months of the Note date of the subject transaction will be treated as a 0x90x12 under Credit Ascent Housing History for eligibility and pricing.
- Forbearance, loan modifications, or deferrals (including COVID-19 related events) completed or reinstated within 12 months of the Note date of the subject transaction are not eligible under Prime Ascent Plus, Prime Ascent, Investor Solutions – DSCR, 5-8 multi/2-8 mixed use, and/or Cross Collateral.
- Refer to Investor Solutions – DSCR and Foreign National Investment matrix for applicable Housing History and Credit Event Seasoning restrictions related to these programs.

2.1.10 - CREDIT SCORE (04/03/2023)

Loan eligibility is based upon the representative credit score, also referred to as the Decision Credit score. A valid Decision Credit score requires at least one (1) borrower to have a minimum of two (2) credit scores. To determine a borrower(s) credit score, use the lower of two (2) or middle of three (3) credit scores.

For a loan file with one borrower, that borrower's score is the decision credit score.

For loan files with multiple borrowers:

- Standard and Alt Documentation: The borrower with the higher monthly income is considered the primary borrower and their credit score can be used as the Decision Credit Score. When both borrowers are self-employed and jointly own the business, the highest score amongst the borrowers is used as the decision credit score.
- DSCR Documentation: Determine a decision credit score for each borrower/guarantor (lower of two or middle of three), use highest decision credit score amongst all borrowers/guarantors to determine loan eligibility.
- Asset Utilization: Use the lowest score amongst all borrowers who will be on the loan as the decision credit score.

2.1.11 - TRADELINES (12/12/2022)

2.1.11.1 - STANDARD TRADELINES (10/16/2023)

Elite Plus / Elite / Plus / Closed End Second: If the primary borrower has three (3) credit scores, the minimum tradeline requirement is waived. For loans when the primary borrower has less than three credit scores, each borrower must meet the minimum tradeline requirements, unless the co-borrower is the spouse of the borrower. In that case, only one spouse is required to meet the minimum tradeline requirements outlined below.

DSCR: For each borrower who has three (3) credit scores, the minimum tradeline requirement is waived (all borrowers must be evaluated individually). Each borrower with less than three (3) credit scores must meet the minimum tradeline requirements outlined below.

The **minimum tradeline requirements** are as follows:

- At least three (3) tradelines reporting for a minimum of 12 months, with activity in the last 12 months, or
- At least two (2) tradelines reporting for a minimum of 24 months, with activity in the last 12 months.

Borrowers who do not meet one of the above tradeline requirements, but have a minimum of two credit scores, can alternatively satisfy the tradeline requirement by meeting the requirements below:

- No fewer than eight (8) tradelines are reporting, one (1) of which must be a mortgage or a rental history.
- At least one (1) tradeline has been open and reporting for a minimum of twelve (12) months.
- The borrower has an established credit history of at least eight (8) years.
- Tradelines with recent serious adverse history are not acceptable.
- Student loans can be counted in credit depth as long as they are in repayment and not being deferred.

The following are not acceptable to be counted as tradelines:

- | | |
|--|-------------------------------|
| • “non-traditional” credit as defined by Fannie Mae® | • collection accounts |
| • self-reported tradeline | • foreclosures |
| • any liabilities in deferment status | • deed-in-lieu of foreclosure |
| • accounts discharged through bankruptcy | • short sales |
| • authorized user accounts | • pre-foreclosure sales |
| • charge-offs | |

2.1.12 - OBLIGATIONS NOT APPEARING ON CREDIT REPORT

2.1.12.1 - HOUSING AND MORTGAGE-RELATED OBLIGATIONS (04/25/2022)

Housing and mortgage-related obligations include property taxes, insurance premiums, and similar charges that are required by the creditor (i.e., mortgage insurance), ground rent, and leasehold payments. All properties owned by the borrower must be fully documented in this regard on the Schedule of Real Estate Owned (REO) section of the FNMA Form 1003 loan application. These obligations must be verified (subject to the program criteria) using reasonably reliable records such as taxing authority or local government records, homeowner’s association billing statements, or information obtained from a valid and legally executed contract.

2.1.12.2 - CURRENT DEBT OBLIGATIONS, ALIMONY, AND CHILD SUPPORT

A Seller may use a credit report to verify a borrower's current debt obligations, unless the Seller has reason to know that the information on the report is inaccurate or disputed. Obligations that do not appear on the credit report, such as alimony and child support, must be documented through other methods according to Fannie Mae® guidelines.

When the borrower is required to pay alimony, child support, or separate maintenance payments under a divorce decree, separation agreement, or any other written legal agreement - and those payments must continue to be made for more than 10 months - the payments must be considered as part of the borrower's recurring monthly debt obligations. However, voluntary payments do not need to be taken into consideration and an exception is allowed for alimony. For alimony obligations, the Seller has the option to reduce the qualifying income by the amount of the alimony obligation in lieu of including it as a monthly payment in the calculation of the DTI ratio. If the Seller exercises this option, a copy of the divorce decree, separation agreement, court order, or equivalent documentation confirming the amount of the obligation must be obtained and retained in the loan file.

2.2.0 - ASSETS (06/21/2021)

THE FOLLOWING APPLY TO ALL TRANSACTIONS UNLESS OTHERWISE STATED.

2.2.1 - ASSET REQUIREMENTS (09/07/2021)

Acceptable asset documentation is required to be included in each loan file. The borrower must meet the minimum contribution amount per the program requirements. Assets should be liquid or able to be liquidated without restriction by the borrower. The documentation requirement for all transactions is a single account statement covering a one (1) month period and dated within 90 days of the loan note date.

2.2.2 - ASSET DOCUMENTATION (10/16/2023)

The following may be used as asset documentation for down payment, closing costs, and reserves. See applicable Loan/LTV matrix for minimum reserve requirement.

- Account statements (e.g., checking, savings, share, or brokerage accounts)
 - Statements must include the following:
 - Name of financial institution
 - Reflect borrower as the account holder (Funds held jointly with a non-borrowing spouse are considered 100% of the borrower's funds)
 - Account number
 - Statement date
 - Time period covered by the statement
 - Available balance in U.S. dollar denomination
 - Assets held in foreign accounts must be translated to English and verified in US Dollar equivalency at the current exchange rate via either <http://www.xe.com> or the Wall Street Journal conversion table.
- Assets held in a Trust require the following:
 - Obtain written documentation (e.g., bank statements) of the value of the trust account from either the trust manager or the trustee, and
 - Document the conditions under which the borrower has access to the funds.
- Accounts verified using a third-party vendor participating in the Fannie Mae Day 1 Certainty® process.
- Verification of Deposit completed by the verifying financial institution (FNMA Form 1006).
- Borrowed funds secured by an asset are an acceptable source of funds for the down payment, closing costs, and reserves, since borrowed funds secured by an asset represent a return of equity. Assets that may be used

to secure funds include automobiles, artwork, collectibles, real estate, or financial assets, such as savings accounts, certificates of deposit, stocks, bonds, and 401(k) accounts. When qualifying the borrower, monthly payments on loans secured by non-financial assets must be included in the debt-to-income calculation for non-DSCR transactions. When loans are secured by the borrower's financial assets, monthly payments for the loan do not have to be considered as long-term debt. See [Section 5.1.5.10 Loans Secured by Financial Assets](#) for complete details.

Large deposits on any of the above asset documentation must be sourced. Large deposits are defined as any single deposit that represents more than 50% of the borrower's qualifying monthly income. Large deposits do not need to be sourced on DSCR loans.

- Stocks/bonds/mutual funds - 100% of the account(s) value may be considered for assets.
- Vested retirement account (e.g., IRA, 401k, Keogh, 403b) - 70% of the vested balance may be considered for assets. For downpayment and closing costs, if funds haven't been liquidated, confirm the borrower can access/withdraw funds.
- Business accounts may be considered for assets. The amount of business assets that may be utilized is limited to the borrower's ownership percentage in the business.
- Cash Value of Life Insurance - 100% of the cash surrender value less any loans may be considered for assets.
- Non-regulated Financial Assets
 - Crypto Currency – Bitcoin and Ethereum are eligible sources of funds for the down payment, closing costs and reserves. Crypto is not an eligible liquid asset for asset utilization/depletion.
 - Down payment and closing costs: currency must be liquidated and deposited into an established US bank account.
 - Reserves: Loan file must include a statement meeting the requirements under account statements to document ownership of the crypto holdings. Current valuation, within 30 days of the loan Note date, can only be determined from the Coinbase exchange. 60% of the current valuation will be considered eligible funds.

The following are not acceptable as asset documentation:

- Non-vested or restricted stock accounts
- Cash-on-hand
- Sweat equity
- Gift or Grant funds which must be repaid
- Down payment assistance programs
- Unsecured loans or cash advances

2.2.3 - RESERVES (10/16/2023)

- N2 Funding loan program requires minimum reserves as outlined on the N2 Funding Loan\LTV matrices.
- Net proceeds from a cash-out transaction may be used to meet reserve requirements. See matrix for restrictions.
- Reserve requirements are waived for Rate-And-Term Refinance transactions (Applies to loans under Elite, Plus, and DSCR secured by a 1-4 unit property) when the transaction results in a reduction to the monthly principal and interest payment of 10% or greater AND housing history is 1x30x12 or better. Waiver not eligible for DTI greater than 50%. For an Interest Only loan, the reduction is based on the amortizing payment used for loan qualification.
- Reserves for a loan with an Interest Only feature are based upon the Interest Only payment amount.
- For Adjustable-Rate Mortgages (ARM), the reserves are based upon the initial PITIA, not the qualifying payment.

- Proceeds from a 1031 Exchange cannot be used to meet reserve requirements.
- Gift funds may not be used to meet reserve requirements.

2.2.4 - GIFT FUNDS

Unless otherwise specified, Gift Funds are acceptable if ONE of the following applies:

1. For Owner-occupied properties a 5% down payment has been made by the borrower from their own funds.
 - 100% Gift Funds are allowed for Prime Ascent and Credit Ascent using Standard Doc or Alt Doc 24-month Bank Statement loans only, with a maximum LTV of 75%. Borrower(s) must meet both reserve and residual income requirements.
2. For Investment properties, a minimum of 10% of the down payment must be made by the borrower from their own funds.

2.2.4.1 - ELIGIBLE DONORS AND DOCUMENTATION (12/12/2022)

A gift can be provided by:

- a relative, defined as the borrower's spouse, child, or other dependent, or by any other individual who is related to the borrower by blood, marriage, adoption, or legal guardianship; or
- a fiancé, fiancée, or domestic partner.
- For any gift provided by a non-US citizen, the donor must be screened against the OFAC Specially Designated Nationals (SDN) list.

The donor may not be, or have any affiliation with, the builder, the developer, the real estate agent, or any other interested party to the transaction.

DOCUMENTATION REQUIREMENTS

Gifts must be evidenced by a letter signed by the donor, called a gift letter. The gift letter must:

- specify the dollar amount of the gift;
- specify the date the funds were transferred;
- include the donor's statement that no repayment is expected; and
- indicate the donor's name, address, telephone number, and relationship to the borrower.

When a gift from a relative or domestic partner is being pooled with the borrower's funds to make up the required minimum cash down payment, the following items must also be included:

- A certification from the donor stating that he or she has lived with the borrower for the past 12 months and will continue to do so in the new residence.
- Documents that demonstrate a history of borrower and donor shared residency. The donor's address must be the same as the borrower's address. Examples include but are not limited to a copy of a driver's license, a bill, or a bank statement.

VERIFYING DONOR AVAILABILITY OF FUNDS AND TRANSFER OF GIFT FUNDS (06/21/2021)

The lender must verify that sufficient funds to cover the gift are either in the donor's account or have been transferred to the borrower's account and reflected on the most recent bank statement. Acceptable documentation includes the following:

- a copy of the donor's check and the borrower's deposit slip,
- a copy of the donor's withdrawal slip and the borrower's deposit slip,
- a copy of the donor's check to the closing agent, or
- a settlement statement showing receipt of the donor's check.

When the funds are not transferred prior to settlement, the lender must document that the donor gave the closing agent the gift funds in the form of a certified check, a cashier's check, or other official check.

- Gift funds may not be used to meet reserve requirements.
- Gift of Equity allowed for Primary Residence or Second Homes. Must meet all other guidelines for Gift Funds.

2.3.0 - INCOME

2.3.1 - INCOME ANALYSIS (04/25/2022)

THE FOLLOWING APPLY TO ALL INCOME DOCUMENTATION OPTIONS UNLESS OTHERWISE STATED IN THE SPECIFIC SECTION OF THE GUIDELINES.

2.3.1.1 - EMPLOYMENT/INCOME VERIFICATION (04/03/2023)

- A minimum of two (2) year employment history for both wage/salary or self-employment, is required to be documented on the loan application (FNMA Form 1003). When the borrower has less than a two-year history of employment, the Seller should document positive factors to offset the shorter employment history, such as education or training.
- Any gaps in employment that span one or more months must be explained.
- Salary/Wage Earner – income derived from employment at a business. Compensation may be based upon a salary, hourly wage, bonus, commission, or overtime.
- Any borrower with a 25% or greater ownership interest in a business/entity or is paid using IRS form 1099 is considered self-employed.
- The following are common business structures:
 - Sole proprietorship
 - Limit Liability Company (LLC)
 - Partnerships
 - S-Corporation
 - Corporation
- If any borrower is no longer employed in the position disclosed on the FNMA Form 1003 at closing, the loan is not eligible.

2.3.1.2 - EARNINGS TRENDS (04/03/2023)

When 24 months of income are analyzed for qualification, year over year income amounts must be compared using the borrower's W-2 forms, signed federal income tax returns, or bank statements. The earnings trends are addressed as follows:

- **Stable or increasing:** Defined as annual income that is equal to, greater than, or less than 20% below the prior year's income. The income amounts will be averaged.
- **Declining but stable:** If the 24-month earnings trend shows a decline in borrower income of 20% or more on a year over year basis, but the most recent 12-month earning has stabilized and there is no reason to believe the borrower's employment will change, the most recent 12-month average of income will be used.

2.3.2 - DEBT-TO-INCOME (DTI) RATIO

The Debt-to-Income (DTI) ratio is calculated and reviewed for adherence to N2 Funding guidelines and the inclusion of all income and liability expenses. See the most recent program matrix for applicable details.

The DTI ratio consists of two components:

1. Total monthly debt obligations, which includes the qualifying payment for the subject property mortgage loan and other long-term and significant short-term monthly debts.
2. Total monthly income of all borrowers, to the extent the income is used to qualify for the mortgage.

The subject property mortgage loan is defined as the borrower's housing payment and includes PITIA and/or principal and interest on any subordinate lien financing.

The property taxes, Homeowner's Insurance (HOI), Flood Insurance, and HOA dues of a primary residence that is owned free and clear will be considered in the borrower's housing history determination and must remain current throughout the transaction.

The maximum DTI ratio for all income documentation types is 50%. A DTI of up to 55% is allowed in some cases for a primary residence, with 24-months of income documentation, and with a minimum residual income of \$3,500. See the Product Matrices for specific program restrictions.

2.3.3 - RESIDUAL INCOME (07/10/2023)

Residual Income is the amount of monthly income remaining once a borrower has paid all monthly debt obligations. Residual Income = Gross Monthly Income minus total monthly debt.

The Minimum Residual Income requirements are calculated using the table below; \$250 is added for the first dependent and \$125 for each additional dependent. A dependent is any person other than the borrower or spouse in the household.

OCCUPANCY	MAXIMUM LTV	MINIMUM RESIDUAL INCOME
Elite – Primary	90%	\$2,500
Elite Plus – Second	75%	\$2,500
Elite – Primary	90%	\$2,500
Elite – Primary – DTI > 50%	80%	\$3,500
Elite – Second	80%	\$2,500
Plus – Primary	85%	\$1,250
Plus – Second	80%	\$2,500

2.3.4 - DOCUMENTATION OPTIONS (04/25/2022)

Standard and Alt Doc income documentation options are available. In addition to wage/salary income, Standard documentation includes various other types of income. See [5.3.5.4 - Other Sources of Income](#) for documentation requirements. Income should be calculated and documented according to N2 Funding guidelines. If a specific source of income is not referenced in the Underwriting Guide, the Fannie Mae® guidelines for that income source may be used.

2.3.4.1 - IRS FORM 4506-C

A signed copy of IRS Form 4506-C is required in every standard documentation credit file. See specific income documentation type if transcripts are required.

If the transcript request is returned with a code 10, or the borrower is a victim of taxpayer identification theft, the following must be provided to validate income:

- A copy of the IRS rejection with a code of “Unable to Process” or “Limitation”
- Proof of identification theft, as evidenced by one (1) of the following:
 - Proof that the identification theft was reported to and received by the IRS (IRS Form 14039).
 - A copy of the notification from the IRS alerting the taxpayer to possible identification theft.
- In addition to one (1) of the documents above, if applicable, a Tax Transcript showing fraudulent information.
- Record of Account from the IRS - Adjusted Gross Income and Taxable Income should match the borrower's personal tax return (Form 1040). Validation of prior tax year's income (The income for the current year must be in line with prior years.

2.3.4.2 - TAXPAYER FIRST ACT

The Taxpayer First Act includes a provision that persons receiving tax return information must obtain the express permission of taxpayers prior to disclosing that tax return information to any other person. “Tax return information” is defined under the IRS Code, 26 U.S.C. § 6103.

Therefore, if a Seller or servicer obtains tax return information during the origination or servicing of a mortgage loan, the Seller or servicer must obtain express consent from the taxpayer to be able to share the tax information with another party. Such sharing would extend to actual or potential owners of the loan, such as N2 Funding or any other loan participant.

To ensure compliance with the law, the [Taxpayer Consent Form](#) has been created. To comply, N2 Funding must include this version of the document in all loan files that include tax returns.

2.3.5 - STANDARD DOCUMENTATION

The Standard Income Documentation option is available to borrowers who meet the requirements listed below. This documentation option is available to borrowers who have experienced recent credit events and allows for higher LTVs for borrowers with clean payment histories.

2.3.5.1 - RESTRICTIONS (04/03/2023)

- See the N2 Funding Matrices for maximum LTV/CLTV and DTI.
- A minimum credit score of 600.
- A minimum two (2) year history of receipt of wage/salary or self-employment income is required.

2.3.5.2 - STANDARD INCOME DOCUMENTATION (24 OR 12 MONTHS) (08/29/2022)

Eligibility and pricing differences exist for the 24 or 12-month documentation options, see Loan/LTV Matrices and rate sheets for details.

WAGE/SALARY INCOME (10/16/2023)

- The borrower's most recent paystubs reflecting 30 days of pay and YTD earnings, along with IRS W-2 forms or W-2 transcripts covering the most recent one (1) or two (2) years depending upon documentation option selected; or
- Income verification provided by a FNMA approved 3rd party vendor – (e.g., The Work Number®) evidencing income from the most recent 1 or 2 years (as applicable) along with year-to-date earnings.
 - FNMA WVOE Form 1005 is not eligible for standard income documentation (see Alt Doc Written VOE).
- When tax returns are required, as in the case of income earned from subject or non-subject investment property REO, the most recent one (1) or two (2) years of tax returns should be provided. The definition of "most recent" is the last return scheduled to have been filed with the IRS. Any borrower who applied for a tax return extension must provide a copy of the extension in the credit file along with the prior one (1) or two (2) years of tax returns based upon the documentation method selected.

SELF-EMPLOYMENT INCOME (04/03/2023)

- Tax transcripts for the most recent one (1) or two (2) years. In certain cases, tax returns will be required as transcripts will not provide the details required to establish eligible qualifying income for the borrower. Or
- The most recent one (1) or two (2) years of tax returns (including evidence of filing). If applicable, both personal and business (including all K-1s and schedules), signed and dated by each borrower.
 - Evidence of filing may include one of the following:

 - Depreciation
 - Depletion
 - Business use of home
 - Amortization/casualty loss
 - Ordinary income (loss) from other partnerships
 - Nonrecurring other (income) loss
 - Any expense(s) that can reasonably be documented to be one-time and non-recurring
 - Net operating loss carryforwards from years prior to the tax returns provided
- If the tax return date exceeds 90 days from the note date, a YTD Profit and Loss Statement (P&L), signed and dated by the borrower, up to and including the most recent month preceding the loan application date and two (2) business checking account statements for the two (2) most recent months reflected on the P&L. The P&L may be either: prepared by a 3rd party or prepared by the borrower. If a gap exists between the tax return ending date and the start date of the YTD P&L, a gap-year P&L is also required. The qualifying income is determined from the tax returns; the P&L is used to determine the stability of that income. The bank statements for the two (2) most recent months must reflect deposits that support the sales from the P&L and the qualifying income from the prior year(s) tax returns.

2.3.5.3 - EMPLOYMENT STATUS (08/29/2022)

In all cases, the borrower's current employment status is required. Employment status can be established as follows:

Wage/salary borrowers:

- A YTD paystub dated within 30 days of Note date, or
- A verbal VOE dated no more than 10 calendar days prior to Note date. Sellers may use any type of verification form. The VOE should include the following data:

 - Current position
 - Verification that borrower's employment is currently active
 - Employer name/company name
 - Employer contact name and title
 - Name of individual who completed the VOE
 - Business phone number must be independently verified, or
- A verification via e-mail exchange with the borrower's current employer dated no more than 10 calendar days prior to Note date. Due diligence must be conducted to confirm the e-mail address for the employer is accurate. The VOE should include the following data:
 - Work e-mail address of the individual contacted at the employer
 - Borrower name
 - Current position
 - Current employment status

Self-Employed Borrowers:

- If the most recent tax return in the file is dated within 90 days of the note date, no additional verification required.
- If the tax return exceeds 90 days of the note date, a YTD Profit & Loss Statement (P&L) dated within 90 days of note date, along with the two most recent months of bank statements.

2.3.5.4 - OTHER SOURCES OF INCOME

ALIMONY OR CHILD SUPPORT

Alimony or child support income is allowed with third-party documentation evidencing receipt of at least six (6) months. Document the support will continue for at least three (3) years by one of the following:

- Copy of final divorce decree or final separation agreement describing the payment terms.
- Any other type of written legal agreement or court decree describing the payment terms.

AUTO ALLOWANCE

The borrower must have received payments for at least two (2) years. Add the full amount of the allowance to monthly income and the full amount of the lease or financing expenditure to the monthly debt obligations.

Capital Gains income must be averaged over two (2) years and documented with the following:

- Most recent two (2) years of personal tax returns, including an IRS Form 1040, Schedule D.

- The third-party documentation must evidence the capital gain income will continue for a minimum of three (3) years.

Capital losses do not have to be considered.

DISABILITY INCOME – LONG TERM

Generally, long-term disability will not have a defined expiration date and should be expected to continue. Obtain a copy of the borrower's disability policy or benefits statement to verify the following:

- eligibility for the benefits,
- amount and frequency of payments, current proof of receipt,
- and if there is a contractually established termination or modification date.

EMPLOYED BY A RELATIVE

Income for borrowers who are employed by a relative must be verified using Standard Documentation for two (2) years, including the following:

- Federal income tax returns for the most recent two (2) years
- W-2s for the most recent two (2) years
- Paystub(s) covering the most recent 30-day period.

Clarification of the potential ownership of family-owned businesses by the borrowers may also be required. A borrower may be an officer of a family-operated business, but not an owner. Verification of a borrower's status should be provided by written confirmation obtained from a CPA or legal counsel.

EMPLOYMENT OFFERS OR CONTRACTS

For borrower(s) starting new employment, the loan file must contain a copy of an executed offer or contract plus the first paystub. The first paystub must be dated prior to the Note date.

FOREIGN INCOME (09/07/2021)

Foreign income is income earned by a borrower (US Citizen or Perm Resident Alien) who is employed by a foreign corporation or a foreign government and is paid in foreign currency. Borrowers may use foreign income to qualify if they provide copies of the following:

- Signed federal income tax returns or transcripts for the most recent two (2) years that include foreign income.
- Standard documentation requirements based upon the source and type of income.
- Any documents not in English or US currency must be translated.

Income received from a state or county sponsored organization for providing temporary care for one or more children may be considered acceptable stable income if the following requirements are met:

- Verify the foster-care income with letters of verification from the organizations providing the income.
- Documentation verifying that the borrower has received foster care income for a minimum one-year period.
- Qualifying income is based upon the current amount received.

HOUSING/PARSONAGE INCOME

Housing or parsonage income may be considered qualifying income if there is documentation that the income has been received for the most recent 24 months and the allowance is likely to continue for the next three (3) years. The following documentation is required:

- The two (2) most recent years of tax returns are required.
- Written documentation, such as a Written Verification of Employment (WVOE) provided by the church, must be obtained.
- The housing allowance, although not subject to federal income taxes, is subject to self-employment taxes. Gross income on Schedule SE of the borrower's IRS Form 1040 should include the housing allowance paid.

The housing allowance may be added to income but may not be used to offset the monthly housing payment.

INTEREST/DIVIDENDS

Verify the borrower's ownership of the assets on which the interest or dividend income was earned. Documentation of asset ownership must be in compliance with the [4.2.0 - Age of Document Requirements](#) section.

- Document a two-year history of the income, as verified by copies of the borrower's federal income tax returns.
- Develop an average of the income received for the most recent two (2) years.
- Subtract any assets used for down payment or closing costs from the borrower's total assets before calculating expected future interest or dividend income.

NON-TAXABLE INCOME (12/13/2021)

If the income is verified to be nontaxable, and the income and its tax-exempt status are likely to continue, the seller may develop an "adjusted gross income" for the borrower by adding an amount equivalent to 25% of the nontaxable income to the borrower's income.

NOTES RECEIVABLE INCOME

Note receivable income may be used for qualifying income subject to the following:

- Verify that the income can be expected to continue for a minimum of three (3) years from the date of the mortgage application.
- Obtain a copy of the Note to establish the amount and length of payment.
- Document regular receipt of income for the most recent 12 months using either cancelled checks, bank statements, or federal tax returns.
- Payments on a Note executed within the past 12 months, regardless of the duration, may not be used as stable income.

PENSION, RETIREMENT, ANNUITY (07/10/2023)

If retirement income is paid in the form of a distribution from a 401(k), IRA, or Keogh retirement account, determine whether the income is expected to continue for at least three (3) years after the date of the mortgage Note. In addition, the borrower must have unrestricted access to the accounts without penalty. Document regular and continued receipt of the income with the following:

- Pension/Social Security/VA
 - Award letter(s) from the organizations providing the income, or
 - Two prior years 1099-R will be acceptable in lieu of award letter, and

- 30-days current proof of receipt
- 401K/Keogh/IRA
 - Account Statement(s) reflecting available balance for withdrawals.
 - One year 1099-R forms,
 - One month proof of current receipt.
 - Minimum history of withdrawals for 12-months required.

RENTAL INCOME (06/21/2021)

Rental income may be used for qualifying income subject to the following documentation requirements:

- Rental income from other properties must be documented with the borrower's most recent signed federal income tax return that includes Schedule E. Leases are required for properties where rental income is being used to qualify and the property was acquired during or subsequent to the most recent tax filing year or the rental property was out of service for an extended period. For commercial properties a copy of the lease or rent roll is required
- Proposed rental income from the comparable rent schedule, reflecting long term rental rates, may be used for qualifying if there is not a current lease or assignment of lease on purchase of an investment property
- Properties with expired leases that have converted to month to month per the terms of the lease will require bank statements for the lesser of 2 months or the time period after the lease expired
- A 25% vacancy factor must be applied to the gross rent used for qualifying. Multiply the gross rent by 75% and subtract the PITIA to arrive at the rental income/loss used for qualifying
- Commercial properties owned on schedule E must be documented with a rent roll and evidence that the primary use and zoning of the property is commercial
- Application of Rental Income:
 - Primary Residence
 - The monthly qualifying rental income (as defined above) must be added to the borrower's total monthly income. (The income is not netted against the PITIA of the property.)
 - The full amount of the mortgage payment (PITIA) must be included in the borrower's total monthly obligations when calculating the debt-to-income ratio.
 - Investment Property
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
 - The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.
 - The full monthly payment for the borrower's principal residence (full PITIA or monthly rent) must be counted as a monthly obligation.

RESTRICTED STOCK UNITS (08/29/2022)

Restricted stock units (RSUs) are issued to an employee through a vesting plan and distribution schedule. RSUs give an employee interest in company stock but have no tangible value until vesting is complete. The RSUs are assigned a fair market value when they vest and are considered ordinal income with a portion of the shares withheld to pay income taxes upon vesting. The employee receives the remaining shares and can sell them at their discretion. Restricted stock options may be used as qualifying income when all the following requirements are met:

- Income has been consistently received for the prior two (2) years and is verified it will continue for three (3) years.

- RSU income is calculated using the past two (2) year average.
- If the RSU income is declining, proof of stability must be provided, and the most conservative average used for qualifying.
- Borrowers must be employed at the same company that issued the RSUs.
- Employer must be a publicly traded entity (e.g., a Fortune 500 company).
- Non-vested restricted stock is not an acceptable source of income or reserves.
- Vested RSUs may not be considered as qualifying income if they are also used for down payment, closing costs, and/or reserves.

The following documentation is required:

- Evidence that stock is publicly traded.
- The most recent vesting schedule or issuance agreement showing continuance of RSU income.
- Evidence of the payouts of RSUs for the past two (2) years. Acceptable verification includes any of the following:
 - Tax returns for the last two (2) years, reflecting RSU income.
 - Year-end paystubs reflecting the RSU payout.
 - An employer-provided statement paired with a brokerage or bank statement, showing the transfer of shares or funds, that includes the (a) date of the payout and (b) the number of vested shares and their cash equivalent distributed to the borrower.

ROYALTY INCOME

- Obtain copies of the following:
 - Royalty contract, agreement, or statement confirming amount, frequency, and duration of the income.
 - The borrower's most recent signed federal income tax return, including IRS Form 1040 and Schedule E.
- Confirm that the borrower has received royalty payments for at least 12 months and that the payments will continue for a minimum of three (3) years after the date of the mortgage Note.

TEACHER INCOME

Teachers are paid on a 9-month, 10-month, or 12-month basis. The pay structure should be determined before calculating the monthly income. If unable to determine the pay frequency, documentation such as a copy of their contract or documents from the school district's personnel office may be required.

TIP INCOME (08/29/2022)

Tips and gratuity income may be considered if the receipt of such income is typical for the borrower's occupation (i.e., waitperson, taxi driver, etc.). Tip income should be received for at least two (2) years.

Documentation will be based upon the documentation type selected (12 or 24 months). Obtain one (1) or two (2) years of federal income tax returns along with a year-to-date paystub. Income should be averaged over the time-period verified. If the tip income is not reported on the paystubs or tax returns, then it may not be included in qualifying income.

TRUST INCOME (09/07/2021)

Confirm the trust income by obtaining a copy of the trust agreement or the trustee's statement confirming the amount, frequency, and duration of payments:

- Trustee statement evidencing borrower is a beneficiary and income will continue for three (3) years.
- If the borrower creates the trust as trustee, the assets within the trust must be verified with 3rd party documentation (i.e., bank statements). Income will be calculated using asset utilization methodology.
- Unless this income is received monthly, documentation of current receipt of the income is not required if the income is on the borrower's most recent tax return.

UNEMPLOYMENT BENEFIT INCOME

Income derived from unemployment compensation is generally not allowed due to the limited duration of its receipt. Seasonal unemployment, however, can be considered if the borrower is employed in a field where weather affects the ability to work, and where unemployment compensation is often received (i.e., construction). The income can be used to qualify with a two-year employment history in the same field of work and a two-year history of receipt of unemployment compensation. Income should be averaged over the time-period verified.

VA BENEFITS

Document the borrower's receipt of Veteran Administration (VA) benefits with a letter or distribution form from the VA, along with a one-month proof of receipt. Verify that the income can be expected to continue for a minimum of three (3) years from the date of the mortgage Note. (Verification is not required for VA retirement or long-term disability benefits.) Education benefits are not acceptable income because they are offset by education expenses.

VARIABLE – OVERTIME/BONUS/COMMISSION (08/29/2022)

Variable income sources are eligible provided the borrower has a minimum 2-year history of receiving such income in the same line of work. Variable income earned for less than one (1) year may not be used for qualifying income.

Variable earnings must be averaged over the most recent one (1) or two (2) years based upon the documentation type, and include the following:

- Most recent year-to-date pay stub reflecting the variable earnings;
- W-2 forms covering the most recent 1-year or 2-year period;
- A completed Written Verification of Employment – FNMA Form 1005 detailing base, overtime, commission, or bonus earnings.

2.3.6.2 - BANK STATEMENT OPTIONS/INCOME ANALYSIS (10/16/2023)

In addition to the factors described in the [5.3.1 – Income Analysis](#) section of this guide, Sellers should consider the following:

- Changes in deposit pattern must be explained.
- Income documented separately, but included as deposits in the statement under review, must be backed out of deposits.

PERSONAL BANK STATEMENT REVIEW

A personal bank account is held in the individual borrower(s) name. The following documentation requirements and analysis methods apply:

Documentation Requirements

- 24 or 12 months of consecutive PERSONAL bank statements, the most recent statement dated within 90-days of the note date.
- Most recent two (2) months of BUSINESS bank statements.
- Verify that the borrower owns 20% of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent, reflecting the borrower's ownership percentage.

Calculation Method

- Only transfers or deposits from the business account(s) are eligible deposits. Qualifying income calculated using the sum of the total eligible deposits from the statements reviewed divided by the number of statements. The most recent bank statement must be consistent with the qualifying income.
- If the personal account is jointly owned, and the joint owner is not an owner of the business, deposits that are not readily identifiable as transfers from the business accounts or business deposits must be excluded unless sourced.
- ATM deposits may be included if a consistent pattern of such deposits is present.
- Two (2) months of business bank statements, which must:
 - Evidence activity to support business operations.
 - Reflect transfers to the personal account.

BUSINESS AND CO-MINGLED BANK STATEMENT REVIEW

A **business bank statement** used for ongoing operations of the business must reflect the name of the business as completed on the URLA or loan application.

- Verify that the borrower has ownership of at least 25% of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent; reflecting the borrower's ownership percentage.
- Net income from the analysis of the bank statements is multiplied by the borrower's ownership percentage to determine the borrower's qualifying income.

A **co-mingled bank statement** is a personal account used by a borrower for both business and personal use. A separate business account is not required.

- Verify that the borrower has 100% ownership of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent; reflecting the borrower's ownership percentage.
- The borrower must be the sole owner of the business listed on the URLA or loan application
- Borrower and spouse with combined 100% ownership of the account are eligible

Income Calculation Method

- Total deposits from all bank statements, less any inconsistent deposit(s), multiplied by 50%, multiplied by ownership percentage, divided by the number of bank statements reviewed.

<ul style="list-style-type: none"> Deposits x (.50) x (ownership %) / 24 or 12 = qualifying income <ul style="list-style-type: none"> Example: $\\$360,000 \times .50 = \\$180,000 \times 1.00 = \\$180,000 / 12 = \\$15,000$

Non-sufficient funds (NSF) or negative balances reflected on the bank statement must be considered. Overdraft protection fees associated with a pre-arranged link to a savings account or line of credit must also be considered unless one of the following conditions exist:

- Overdraft protection from a depository account: Occurrences may be excluded if statements for the linked account confirm that (a) the linked account balance at the time of the transfer exceeded the amount of the overdraft transfer, (b) the linked account's balance did not report as zero or negative at any point during the statement period of the transfer, and (c) the linked account did not itself receive overdraft protection proceeds during the statement period of the transfer.
- Overdraft protection from a line of credit: Occurrences may be excluded if statements for the linked account confirm that (a) the line's credit limit was not exceeded during the statement period of the transfer, and (b) a payment amount which equals or exceeds the sum of all overdraft protection occurrences analyzed in the statement period is made within 30 days after the statement close date.
- Occurrences included in the analysis are subject to the following tolerances:
 - An occurrence is defined as one or more checks returned the same day.
 - If there are one (1) or more occurrences in the most recent three-month time period, up to three (3) occurrences are allowed in the most recent 12-month time period.
 - If there are zero (0) occurrences in the most recent three-month time period, up to five (5) occurrences in the most recent 12-month time period are acceptable.
- Exception requests for tolerance deviations must include (a) a letter of explanation from the borrower outlining the reason for the occurrences and an explanation of how and when the issue leading to the occurrences was rectified, and (b) additional compensating factors outlined by the underwriter supporting the viability of income.
- The underwriter must consider the financial strength of a self-employed borrower's business.

2.3.7 - ALT DOC – RENTAL INCOME (07/10/2023)

 - 75% of the verified monthly rental income can be used to offset the PITIA of the rental property.
 - If the deposits cannot be validated in a separate account, the full PITIA of the rental unit must be included in the qualifying DTI ratio.
 - If the transaction type is a purchase of an investment property, and income from the subject property is considered in the underwriting, proposed rental income from the comparable rent schedule, reflecting long term rental rates, may be used for qualifying if there is not a current lease or assignment of lease.
- Short Term Rental:
 - Property leased on a short-term basis utilizing an on-line service such as Airbnb gross monthly rents can be determined by using a 12-month look back period to account for seasonality.

 - Investment Property
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
 - The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.

2.4.2 - 1-4 FAMILY RESIDENTIAL PROPERTY (12/12/2022)

2.4.2.1 - PROPERTY INCOME ANALYSIS (12/12/2022)

Gross monthly rents are used to determine the DSCR. A 1007 or 1025 Comparable Rent Schedule survey prepared by the appraiser is required on all DSCR transactions. See the appropriate Long Term or Short Term requirements below for rental income documentation and DSCR calculation.

LONG TERM RENTAL DOCUMENTATION AND DSCR CALCULATION (10/16/2023)

- Purchase Transactions
 - Monthly Gross Rents are the monthly rents established on FNMA Form 1007 or 1025 reflecting long term market rents.

- If the subject property is currently tenant occupied, the 1007 or 1025 must reflect the current monthly rent.
- A vacant or unleased property is allowed without LTV restriction.
- Refinance Transactions
 - Required documentation:
 - FNMA Form 1007 or 1025 reflecting long term market rents, and lease agreement.
 - If the lease has converted to month-to-month, then provide the most recent two (2) months proof of receipt to evidence continuance of lease. If unable to provide evidence of receipt, the unit will be treated as vacant and subject to the following:
 - Eligibility (LTV) must use the DSCR < 1.00 matrix. Pricing is based upon the DSCR from the gross rents on the 1007.
 - Monthly Gross Rents are determined by the higher of actual lease amount or market rent from 1007/1025. If using a higher monthly actual lease amount, evidence of 2-months of receipt is required, and the lease amount must be within 120% of the estimated market rent from the 1007 or 1025. If the actual rent exceeds the market more than 120%, the rents are capped at 120%.
 - A vacant or unleased property is allowed. Eligibility (LTV) must use the DSCR < 1.00 matrix for all properties with any unleased (vacant) units. Pricing is based upon the DSCR from the gross rents on the 1007.
- DSCR Calculation
 - Debt Service Coverage Ratio is the Monthly Gross Rents divided by the PITIA of the subject property. See N2 Funding Eligibility Matrix for required Debt Service Coverage Ratios.
 - Gross rents divided by PITIA = DSCR

SHORT TERM RENTAL (E.G., AIRBNB, VRBO, FLIPKEY) DOCUMENTATION AND DSCR CALCULATION (10/16/2023)

Short term rentals are properties which are leased on a nightly, weekly, monthly, or seasonal basis.

- Short Term Rental Income – Purchase and Refinance Transactions
 - LTV/CLTV limits:
 - Purchase: Lesser of 75%, or the LTV/CLTV based upon the DSCR/FICO/Loan balance matrix.
 - Refinance: Lesser of 70%, or the LTV/CLTV based upon the DSCR/FICO/Loan balance matrix.
 - See matrix for Condo Hotel LTV/CLTV limits.
 - DSCR calculation:
 - Monthly gross rents based upon a 12-month average to account for seasonality required.
 - Gross rents reduced by 20% to reflect extraordinary costs (i.e., advertising, furnishings, cleaning) associated with operating short-term rental property compared to non-short-term property. If the rental documentation referenced below includes expenses, actual expenses should be compared to the 20% expense factor. If actual expenses are less than 20%, a minimum 20% expense factor is required to be utilized. If actual expense exceeds 20%, the actual expense factor should be used.
 - $(\text{Gross Rents} * .80) \text{ divided by PITIA} = \text{DSCR}$.
- Any of the following methods may be used to determine gross monthly rental income:
 - A 1007 or 1025 Comparable Rent Schedule survey prepared by the appraiser reflecting long-term or short-term market rents.
 - The most recent 12-month rental history statement from the 3rd party rental/management service.
 - The statement must identify the subject property/unit, rents collected for the previous 12 months, and all vendor management fees. The rental income will exclude all vendor or management fees.
 - The most recent 12-month bank statements from the borrower evidencing short term rental deposits. Borrower must provide rental records for the subject property to support monthly deposits.

 - Rentalizer (Property Earning Potential).
 - Only allowed for purchase transaction
 - Gross Rents equal the revenue projection from the Rentalizer Report.
 - a. The gross rents are subject to the application of the 20% extraordinary expense factor.
 - b. Revenue projection equals the average daily rental rate times the occupancy rate.
 - Forecast Period must cover 12 months from the Note date
 - The occupancy rate must be > 60%
 - Must have five (5) comparable properties, all within the same ZIP code
 - Must be similar in size, room count, amenities, availability, and occupancy.
 - Maximum occupancy limited to 2 individuals per bedroom.
 - Overview report (Evaluate a Market):
 - Market score by zip code
 - Market grade must be 60 or greater

2.4.2.2 - DEBT SERVICE COVERAGE RATIO (DSCR) (08/29/2022)

Debt Service Coverage Ratio is the Monthly Gross Income divided by the PITIA (or ITIA for interest-only loans) of the subject property. See N2 Funding Eligibility matrix for required Debt Service Coverage Ratios. See [Section 4.1.2](#) for further guidance regarding Qualifying Payments.

EXAMPLE: SAMPLE DEBT SERVICE COVERAGE RATIO CALCULATION

Single Family Purchase Money Transaction

Monthly PITIA = \$650

Estimated Monthly Market Rent (FNMA Form 1007) = \$850

Existing Lease Monthly Rent = Not Available

Use Market Rent of \$850 (*Estimated Monthly Market Rent when a lease is not available for a purchase transaction*).

Gross Rents (\$850) ÷ PITIA (\$650) = **DSCR (1.30)**

2.4.2.3 - HOUSING HISTORY – DSCR (07/10/2023)

Housing history for the DSCR Doc type is limited to verifying the borrower's primary residence and the subject property if a refinance transaction. The documentation requirements under [Section 5.1.4 – Housing History](#) should be followed for verification.

- For refinance transactions of the subject property, when the existing financing is a Paid In Kind (PIK) loan, a copy of the note must be provided in the credit file to determine required payments. Notes allowing interest to accumulate during the term of the loan are eligible.

2.4.2.4 - RESTRICTIONS (07/10/2023)

- The borrower's contact information must be provided on the loan application (i.e., FNMA Form 1003).
- No proof of borrower income is required.

2.4.2.6 - DEFAULT EVENT

2.4.4 - CROSS COLLATERAL – (NOTE: OPTION NOT AVAILABLE)

The term cross collateral loan refers to a single mortgage that covers three (3) or more properties. The properties are held together as collateral on the mortgage, but the individual pieces of real estate may be sold without extinguishing the entire mortgage. Traditional mortgages typically have a “due-on-sale clause”, which stipulates that if property secured by the mortgage is sold, the entire outstanding mortgage debt must be paid in full immediately. With a cross collateral mortgage, a partial release clause allows the sale of portions of the secured property and corresponding partial repayment of the loan. This is done to facilitate purchases and sales of multiple units of property with the convenience of a single mortgage.

2.4.4.1 - ELIGIBILITY REQUIREMENTS (07/10/2023)

- 1-4 residential units are eligible. 5-8 Residential and 2-8 Mixed use property are not eligible.

 - Interest Only – 1.20
 - Property DSCR is calculated as follows:
 - Rental income per property/Allocated loan amount PITIA

- Property Count: Minimum – 3; Maximum – 25
- Partial Release: 120% of the allocated balance required to be paid to obtain a partial release.
- Prepayment Penalties: Required subject to State eligibility restrictions.
 - The prepayment penalty is assessed when:
 - The loan prepays in full during the prepay period; or
 - A partial release payment is made during the prepay period. The prepay penalty amount is based upon the release price.
 - Acceptable structures include the following:
 - 5% fixed up to 5-years
 - Declining structures that do not exceed 5% and do not drop below 3% in the first 3 years. For example: (5%/4%/3%/3%/3%) or (5%/4%/3%/2%/1%)

PURCHASE

- Existing lease agreement(s), if applicable.
 - If the existing lease is being transferred to the borrower, the Seller must verify that it does not contain any provisions that could affect the first lien position of the subject property.

REFINANCE

- FNMA Form 1007, if applicable.
- Existing lease agreement(s), if applicable.

- If subject property leased on a short-term basis is utilizing an on-line service such as Airbnb; gross monthly rents can be determined by using a 12-month look back period; and either 12-monthly statements, or an annual statement provided by the on-line service to document receipt of rental income. In addition, a screen shot of the online listing must show the property is actively marketed as a short-term rental. A 5% LTV reduction is required when using short term rental income to qualify.

DEBT SERVICE COVERAGE RATIO (DSCR) – CALCULATION REQUIREMENTS (12/12/2022)

- Leased property: DSCR is based upon the contracted monthly rent amount from the lease
 - A property is considered "Leased" when there is an executed long term (Min. 12 months) lease agreement between the lessor and lessee.
 - Most recent two months of rent payment per lease agreement is required.
- Unleased and vacant property: DSCR is based upon the estimate of the monthly rent of the subject. The final reconciliation of Market Rent must be based on a 12-month rent schedule.
 - A property is considered unleased and vacant when no long term executed lease is in place. The Borrower should provide the cause of vacancy (Letter of Explanation) for refinance transactions, such as recently completed renovation, tenant turnover, etc.

- Borrower(s) must attest that all tenants are non-borrower affiliated.

LEASE AND OCCUPANCY REQUIREMENTS

- All units must be residential units that are currently occupied and leased to tenants, except that up to 10% of the units for a loan may be comprised of units which are currently vacant, but in lease-ready condition. Notwithstanding the foregoing, for portfolios of less than 10 units, up to one (1) unit may be vacant in the normal course of lease turnover.
- All properties must be either leased to an eligible tenant or in lease ready condition meaning the properties have been cleaned, no renovations or repairs to the properties are needed and the properties are immediately available to be leased to an eligible tenant.
- Corporate lease agreements are acceptable with lease terms consistent with typical market standards and will be subject to standard market rent verification.
- Lease Agreements that allow Single Room Occupancy (SRO), or boarder leases are not permitted.
- Third-party sale-and-leaseback agreements and contract for deed transactions will not be permitted.
- Leases must be in U.S. dollars.

2.4.4.4 - ASSETS (12/12/2022)

2.5.0 - PROPERTY ELIGIBILITY (06/21/2021)

2.5.1 - APPRAISALS

2.5.1.1 - FIRST LIEN APPRAISAL REQUIREMENTS 1-4 UNIT RESIDENTIAL (10/16/2023)

N2 Funding reserves the right to review all valuation reports and determine if the subject property value is supported.

Appraisers must meet all industry standards and be State Certified. State Licensed Appraisers and Trainees are not permitted. All real estate appraisals must be performed according to the Uniform Standards of Professional Appraisal Practice (USPAP) and Fannie Mae® guidelines, including Universal Appraisal Dataset (UAD) requirements. Appraisal assignments must be obtained in a manner that maintains appraiser independence and does not unduly influence the appraiser to meet a predetermined value. N2 Funding reserves the right to restrict the use of any specific appraiser and/or appraisal management company at its discretion.

Sellers are responsible for reviewing the appraisal report for accuracy, completeness, and its assessment of the marketability of the subject property. The Seller needs to determine that the subject property provides acceptable collateral for the loan. For guidance in the manual review of an appraisal report, see the [Appraisal Review Guide](#).

The age and price of the subject property should fall within the age and price range of properties in the subject neighborhood. Comparable properties should be selected from the same neighborhood when possible. Selection of a comparable outside the subject neighborhood should be addressed within the report. For condominiums, at least one comparable should be from outside the subject project. Ideally, comparable sales should be within six months of the report date. Older comparable sales that are the best indicator of value should be addressed in comments by the appraiser.

A Full Interior/Exterior appraisal report, including color photographs, requires use of one of the following forms depending on the property type:

- Uniform Residential Appraisal Report – Fannie Mae®/Freddie Mac Forms 1004/70
- Small Residential Income Property Report – Fannie Mae®/Freddie Mac Forms 1025/72
- Individual Condominium Unit Appraisal Report – Fannie Mae®/Freddie Mac Forms 1073/465
- Appraisal Update and/or Completion Report – Fannie Mae®/Freddie Mac Forms 1004D/442
- Single Family Comparable Rent Schedule – Fannie Mae®/Freddie Mac Forms 1007/1000

Sellers must order appraisals using one of two processes. The appraisal must either be ordered through an Appraisal Management Company (AMC) that complies with Appraiser Independence Requirements (AIR), or via the correspondent's own AIR-compliant process.

APPRAISER LICENSE AND CERTIFICATION (04/25/2022)

The appraisal report forms identify the appraiser as the individual who:

- Performed the analysis, and
- Prepared and signed the original report as the appraiser.

This does not preclude appraisers from relying on individuals who are not state-licensed or state-certified to provide significant professional assistance, such as an appraiser trainee.

An unlicensed or uncertified appraiser, or trainee (or some other similar classification) may perform a significant amount of the appraisal (or the entire appraisal if they are qualified to do so). If an unlicensed or uncertified individual provides significant professional assistance, they must sign the left side of the appraisal certification as the Appraiser if:

- They are working under the supervision of a state-licensed or state-certified appraiser as an employee or sub-contractor,
- The right side of the appraiser certification is signed by that supervisory appraiser, and
- It is acceptable under state law.

APPRAISAL AGE (08/29/2022)

The appraisal should be dated no more than 365 days prior to the Note date.

When an appraisal report will be more than 120 days old on the date of the Note, regardless of whether the property was appraised as proposed or existing construction, the appraiser must inspect the exterior of the property and review current market data to determine whether the property has declined in value since the date of the original appraisal. This inspection and the results of the analysis must be reported on the Appraisal Update and/or Completion Report (FNMA Form 1004D).

- If the appraiser indicates on FNMA Form 1004D that the property value has declined, then the seller must obtain a new appraisal for the property.
- If the appraiser indicates on FNMA Form 1004D that the property value has *not* declined, then the seller may proceed with the loan in process without requiring any additional fieldwork.

Not eligible for N2 Funding purchase: Properties for which the appraisal indicates condition ratings of C5 or C6, or a quality rating of Q6, as determined under the Uniform Appraisal Dataset (UAD) guidelines. N2 Funding will consider purchase if the issue has been corrected prior to loan funding and with proper documentation.

SECOND APPRAISAL (12/13/2021)

A second appraisal is required when any of the following conditions exist:

- The loan balance exceeds \$2,000,000 for either a single property loan or the allocated loan balance of a property within a cross-collateral loan.
 - (2nd appraisal not required when Form 71A Multifamily or a commercial narrative report utilized).
- The transaction is a flip as defined in the Property Flipping section of this guide.
- As required under the Appraisal Review Products section of this guide.

When a second appraisal is provided, the transaction's "Appraised Value" will be the lower of the two appraisals. The second appraisal must be from a different company and appraiser than the first appraisal.

APPRAISAL EVALUATION

NEIGHBORHOOD ANALYSIS

- Neighborhood boundaries should be described using the four (4) cardinal directions, streets, waterways, other geographic features, and natural boundaries that define the separation of one neighborhood from another.
- Neighborhood characteristics should be described with types and sizes of structures, architectural styles, current land uses, site sizes, and street patterns or designs.
- Factors that affect value and marketability should be mentioned in as much detail as possible – e.g., proximity of the property to employment and amenities, public transit, employment stability, market history, and environmental considerations.

EXISTING CONSTRUCTION (10/16/2023)

- If the appraiser reports the existence of minor conditions or deferred maintenance items that do not affect the safety, soundness, or structural integrity of the property, the appraiser may complete the appraisal “as is.” These items must be reflected in the appraiser’s opinion of value.
- When there are incomplete items or conditions that do affect the safety, soundness, or structural integrity of the property, the property must be appraised subject to completion of the specific alterations or repairs. These items can include a partially completed addition or renovation, or physical deficiencies that could affect the safety, soundness, or structural integrity of the improvements, including but not limited to, cracks or settlement in the foundation, water seepage, active roof leaks, curled or cupped roof shingles, or inadequate electrical service or plumbing fixtures. In such cases, the Seller must obtain a certificate of completion from the appraiser before the mortgage is closed.
- Permanent and Functioning Heat Source – A permanent heat source is required except for properties located in geographic areas where it is typical not to have heat source and has no adverse effect on marketability.

SUBJECT SECTION

The appraiser is required to research and identify whether the subject property is currently for sale or if it has been offered for sale in the 12 months prior to the effective date of the appraisal. If the answer is ‘No,’ the data source(s)

used must be provided. If the answer is ‘Yes,’ the appraiser must report on each occurrence or listing and provide the following information:

- Offering price(s)
- Offering date(s)
- Data source(s) used
- For example, if the subject property is currently listed for sale and was previously listed eight months ago, the appraiser must report both offerings.

ACTUAL AND EFFECTIVE AGES

There is no restriction on the actual age of the dwelling. Older dwellings that meet general requirements are acceptable. Improvements for all properties must be of the quality and condition that will be acceptable to typical purchasers in the subject neighborhood. The relationship between the actual and effective ages of the property is a good indication of its condition. A property that has been well-maintained generally will have an effective age somewhat lower than its actual age. On the other hand, a property that has an effective age higher than its actual age probably has not been well-maintained or might have a specific physical problem. In such cases, the Seller should pay particular attention to the condition of the subject property in its review of any appraisal report. When the appraiser adjusts for the “Year Built,” he or she must explain those adjustments.

ACCESSORY UNITS (10/16/2023)

N2 Funding will purchase a one-unit property with an accessory unit. An accessory unit is typically an additional living area independent of the primary dwelling unit and includes a fully functioning kitchen and bathroom. Some examples may include a living area over a garage and basement units. Whether a property is defined as a one-unit property with an accessory unit or a two-unit property will be based on the characteristics of the property, which may include, but are not limited to, the existence of separate utilities, a unique postal address, and whether the unit is rented. The appraiser is required to provide a description of the accessory unit and analyze any effect it has on the value or marketability of the subject property.

If the property contains an accessory unit, the property is eligible under the following conditions:

- The property is defined as a one-unit property with an accessory unit.
 - Multiple accessory units are not permitted.
- The appraisal report demonstrates that the improvements are typical for the market through an analysis of at least one comparable property with the same use.
- Rental income may be used for the accessory unit subject to the following:
 - Appraisal to reflect zoning compliance is legal
 - Permit is not required to establish zoning compliance
 - Appraisal to include at least one comp with an accessory unit.
 - Refinance – The market rent for the accessory unit should be documented on FNMA Form 1007 and the file must include a copy of the current lease with two (2) months proof of current receipt.
 - Purchase
 - Owner-Occupied/2nd Home: Income from the accessory unit may not be used as qualifying income
 - Non-Owner-Occupied: Use the lower of the market rent on FNMA Form 1007 or actual rent.

OUTBUILDINGS

A Seller must give properties with outbuildings special consideration in the appraisal report review to ensure that the property is residential in nature. Descriptions of the outbuildings should be reported in the Improvements and Sales Comparison Approach sections of the appraisal report form.

TYPE OF OUTBUILDING	SUITABILITY
Minimal outbuildings, such as small barns or stables, that have relatively insignificant value in relation to the total appraised value of the subject property	The appraiser must demonstrate, using comparable sales with similar amenities, that the improvements are typical of the residential properties in the subject area for which an active, viable residential market exists.
An atypical minimal building	The property is acceptable provided the appraiser's analysis reflects little or no contributory value for it.
Significant outbuildings, such as silos, large barns, storage areas, or facilities for farm-type animals	The presence of the outbuildings may indicate that the property is agricultural in nature. The Seller must determine whether the property is residential in nature, regardless of whether the appraiser assigns value to the outbuildings.

- A transferred appraisal report is acceptable provided the report meets the lender's appraisal requirements for independence.

The following options are eligible review products:

- The Seller may submit the appraisal report to Collateral Underwriter® (CU®) or Loan Collateral Advisor® (LCA). An eligible score is 2.5 or less. - Borrower must carry HO-6 coverage for replacement of such items as flooring, wall covering, cabinets, fixtures, built-ins, and any improvements made to the unit.
