Collection Accounts	FHA does not require collection accounts to be paid off as a condition of the loan approval; however, FHA does recognize that collection efforts by the creditor for unpaid collections could affect the borrower's ability to repay the mortgage. To mitigate the risk FHA is requiring the underwriter follow the below guidelines on collection accounts with an aggregate balance equal to or greater than \$2,000 as described below:			
	If The Automated Underwriting System using the Total Scorecard rates the mortgage as Approve/Accept	And The cumulative outstanding balance of all collections of all borrowers (and non- borrowing spouses) is less than \$2,000 The cumulative outstanding balance of all collections of all borrowers (including non-borrowing spouses) is equal to or greater than \$2,000 f a non-purchasing spouse in a community	 Then The underwriter is not required to consider or evaluate collection accounts. Verify that the debt is paid in full at time of or prior to settlement using acceptable sources of funds. Verify that the borrower has made payment arrangements with the creditor and include the monthly payment in the borrower's DTI; or If a payment arrangement is not available, calculate the monthly payment using 5% of the outstanding balance of each collection and include the monthly payment in the borrower's DTI.

	The underwriter must document reasons for approving a mortgage when the borrower has collection accounts and judgments.
	 Regardless of the amount of the outstanding collection accounts or judgments, the lender must determine if the collections or judgment was a result of: The borrower's disregard for financial obligations;
	 The borrower's inability to manage debt; or Extenuating circumstances
	The borrower must provide a letter of explanation with supporting documentation for each outstanding collection account and judgment. The explanation and supporting documentation must be consistent with other credit information in the file.

	If a borrower is disputing non-derogatory accounts or is disputing accounts which are not indicated on the credit report as being disputed, the underwriter is not required to downgrade the application to a "Refer." However, the underwriter must analyze the effect of the disputed accounts on the borrower's ability to repay the loan. If the dispute results in the borrower's monthly debt payment utilized to calculate the total DTI is less than what is indicated on the credit report, the borrower must provide documentation to support the lower payments.

()	Borrowers Returning to Work After Extended Absences A borrower's income may be considered effective and stable when recently returning to work after an extended absence (6 months or more) if he/she:				
	 Is employed in the current job for six months or longer at the time of case number assignment; and Can document a two-year work history prior to the absence from employment using: Traditional employment verification, and/or Copies of W-2 forms or pay stubs. 				
	 Self-Employed Borrowers A P&L and balance sheet is required if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal-year end tax return was filed by the borrower. A Balance Sheet is not required for Schedule C borrowers. If income used to qualify the borrower exceeds the two-year average of tax returns, an audited P&L or signed quarterly tax returns obtained from the IRS are required. Income from a business with a greater than 20% decline in income over the analysis period is not acceptable. If using an AUS, the lender must downgrade to manual underwriting. If there has been a 20% or greater decline, the income is still deemed stable if: The reduction was the result of documented extenuating circumstances, The income has been stable or increasing for at least 12 months, and The borrower qualifies using the reduced income. 				
Vacating Current Residence	 Rental Income from property being vacated cannot be used to qualify unless the following circumstance is met: The borrower must be relocating to an area more than 100 miles from their current principal residence and have 25% equity in the vacating home. Must obtain a lease agreement of at least one year's duration after the mortgage is closed and Evidence of the security deposit and/or first month's rent was paid to the homeowner If no history of rental income since the last tax filing, obtain a full interior/exterior appraisal evidencing market rent and that the borrower has at least 25% equity (includes vacating and other owned properties).

Certification from the deposit-holder acknowledging receipt of funds; or A VOD or bank statement showing that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit; or Direct electronic verification by a TPV vendor, subject to the following requirements: The borrower has authorized the lender to verify assets. 	 If the borrower does not hold the deposit account solely, all non-borrower parties on the account must provide a written statement that the borrower has full access and use of the funds. 				
	 Manually Underwritten loans and AUS downgrades: If there is a large increase in an account, or the account was recently opened the lender must obtain from the borrower a credible explanation and documentation of the source of the funds. Large deposits are any deposit out of the ordinary for the borrower's income and habits (i.e., if the borrower is on direct deposit and there are other deposits other than borrower's income these must be explained and documented) If the deposit(s) are unable to be sourced or is cash they may be backed out; however, an explanation is still required.
